How the new license will be issued

You'll no longer walk out of a Secretary of State's office with a new license. Here's how the new process will work.

A) To renew your license, go to the local Secretary of State office, take required tests and have a photo taken.

B) You'll be issued a paper copy of your new license and your old license will be returned to you with a hole punched in it. You'll use the two IDs until the new license arrives, even for air travel.

Example of a temporary license.

C) Your information will be sent to a central unit in Illinois, where background checks will be run and the new license created.

D) The new license should be mailed to you within 15 business days.
